A. Needs Statement

1. Identify challenges in financial assistance that are prohibiting you from properly serving MFIP/DWP families in your community.

It is difficult to move a household from a crisis situation into self stabilization when transportation is limited. We have Rainbow Ride, but does not run into the evening, when some of the folks we are serving are actually working. In addition, there are only limited day cares that are open after typical business hours to support folks working a second shift.

2. * Identify challenges in employment services that are prohibiting you from properly serving MFIP/DWP families in your community.

There are some Rainbow Rider routes available to assist clients with transportation, however the service does not provide service across county lines, with the exception of Pope. Grant county does have Rainbow Rider service, however without being able to cross county lines, the ability to access the service for work opportunities is limited. Phone and internet issues are also problem. Many clients only have a phone to access the internet and with all application pretty much being online now this is a barrier to those without reliable internet or phone.

3. * Identify the strengths in your community that you are most proud of that benefit MFIP/DWP families.

Knowing the communities and some of the things they are experiencing such as new businesses coming in, city ordinances that may be affecting housing, as well as resources surrounding communities offer expands the resources available. Sharing information about what other communities are doing to meet barrier issues such as child care are important to expand such resources. We do have a number of vendors there, connections with businesses for car repair, car insurance, housing and utilities. In this area the connections to community are imperative. Someplace Safe, Community Education, ABE and online resources for education are good examples of these connections.

In 2024 WPHS is awarded a grant to implement chore services and home making services for citizens who are in need of these services. The plan is to also partner with the CAP agency to see if the skills needed would match up with the enrollees with CEP and develop/create employment that would be flexible and during the daytime hours to allow for transportation and daycare use. This is at its infancy stage of implementation, but plan to grow rapidly.

4. What strengths and resources do you have available to address the needs of your participants?

Please check all the resources available to participants in your service area and check whether the resource is available within MFIP financial or employment services "in-house" or from a partner organization (County/Tribal Nation resources with developed connections to MFIP), and/or an external community resource or both. If you lack the resources in your service area, check the Resource Gaps column. Add any "other" resources that you consider necessary.

F. Measures

Performance Measures

Performance-based funding is determined by a service area's annualized Self-Support Index value. Review the information and report links in this section to see the effect of performance on funding and reporting, based on MN Statute 2563.626, Subdivision 7.

Each year a bonus to a service area's Consolidated Fund allocation will be based on its performance on the Self-Support Index in the previous April to March year.

The three-year Self-Support Index (S-SI): This measure starts with all adults receiving MFIP or DWP cash assistance in a quarter and tracks what percentage of them, three years later, are no longer receiving family cash assistance or are working an average of 30 hours a week if still receiving cash assistance. Those who left MFIP after reaching 60 counted months and those who left due to 100 percent sanction are only counted as a success if they worked an average of 30 hours per week in their last month of eligibility or if they began receiving Supplemental Security Income (SSI) after family cash assistance ended. To provide fair comparisons across service areas, DHS calculates a "Range of Expected Performance" for the S-SI that is based on local caseload characteristics and economic conditions. The service area's Self-Support Index value is whether the service area was above, within, or below its expected Range.

The S-SI and Range are annualized for the four quarters in the April through March year ending in the reporting year before the funding year. See the annualized report on the MFIP Reports page on the DHS website for 2023: [Minnesota Family Investment Program 2023 Annualized Self-Support Index \(state.mn.us\)](#). A service area with an annualized S-SI "above" its customized Range of Expected Performance for 2023 will receive a 2.5 percent bonus added to its Consolidated Fund allocation for calendar year 2024.

If your service area is receiving a bonus, congratulations! Please share a success strategy here:

F. Measures (continued)

Racial/Ethnic Disparities

A racial/ethnic disparity is defined as a one-year Self Support Index that is five or more percentage points lower for a non-white racial/ethnic group than for the white group of MFIP/DWP-eligible adults in the County/Tribal Nation or consortium. The report "Annualized MFIP Performance Measures by Racial/Ethnic or Immigrant Group and by County, County Consortium, and Tribal Provider" is now available at <https://public.tableausoftware.com/profile/tvler.boromann/viz/Annualized-SI-SuccessRatebyRace/EthnicorImmigrantGroup/SISuccessRateDashboard-Intro>

To view your agency's measurement, click on the "S-SI Success Rate by Agency" button. This will bring you to the statewide data for 2022. From the first drop down you can select your county, county consortium or Tribal Nation. If you note any groups that are below the line (indicated by a green bar) your county, county consortium or Tribal Nation will answer the next question below:

What strategies and action steps for each of the groups below the disparities reference line do you plan to implement for the coming biennium to reduce these disparities?

H. Administrative Cap Waiver

Minnesota Family Investment Program (MFIP) allows counties to request a waiver of the MFIP administrative cap (currently at 7.5%) for providing supported employment, uncompensated work, or a community work experience program for a major segment of the county's MFIP population. Counties that are operating such a program may request up to 15% administrative costs per MN Statute 2561.626, Subdivision 2.

If your County/Tribal Nation is interested in applying for the waiver for the coming biennium, please complete the following four questions.

1. Describe the activity(s) you will provide.

4000 characters remaining

2. Explain the reasons for the increased administrative cost.

4000 characters remaining

3. Describe the target population and number of people expected to be served.

4000 characters remaining

4. Describe how the unpaid work experience is designed to impart skills and what steps are taken to help participants move from unpaid work to paid work.

I. Provider Choice

MFIP provisions require counties to provide a choice of at least two employment service providers available to participants unless a workforce center is being utilized (MN Statute 2561.50, Subdivision 8). Counties may request an exception if meeting this requirement results in a financial hardship (MN Statute 2561.50, Subdivision 9).

Does your County/Tribal Nation:

- Have at least two employment and training services providers. Go to Section J.
- Have a CareerForce center that provides multiple employment and training services, offers multiple services options under a collaborative effort and can document that participants have choice among employment and training services designed to meet specialized needs. Go to Section J.
- Intend to submit a financial hardship request.

[Go to Budget section](#)

I. Provider Choice (continued)

Financial Hardship Request

A financial hardship is defined as a county's inability to provide the minimum level of service for all programs if a disproportionate amount of the MFIP consolidated fund must be used to cover the costs of purchasing employment services from two providers or the cost of contracting with a workforce center.

To request approval of a financial hardship exception from the choice of provider requirement, please provide the following information.

1. If the County/Tribal Nation had a choice of providers in calendar year 2023, describe:
 - factors that have changed which indicate a financial hardship,
 - why the hardship is expected to continue, and
 - the magnitude of the hardship, which makes limiting delivery of employment services the best financial option for the County/Tribal Nation.

2000 characters remaining

2. Summarize options explored by the county, including use of other partners in a workforce center or other community agencies, such as a Community Action Program or a technical college. The summary should also include:
 - major factors which prevent the County/Tribal Nation from utilizing these options and include a cost analysis of each option considered; and
 - the process used to determine the cost of other options (RFP or other County/Tribal Nation process).

2000 characters remaining

3. If the County/Tribal Nation proposes to directly deliver MFIP employment services, provide a budget and staffing plan that clearly indicates consolidated funds will not be used to supplant County/Tribal Nation funds. The description should include information about what steps will be taken to ensure that staff have the experience and skills to deliver employment services.
